

## DEPARTMENT OF THE AIR FORCE AIR FORCE RESERVE COMMAND

0 8 SEP 2005

## MEMORANDUM FOR ALL NAF/CCs WING/CCs

FROM: AFRC/CV

SUBJECT: Changes to the Post Deployment Health Assessment

- 1. In order to better detect and treat deployment related illnesses, the Department of Defense (DOD) is expanding its post-deployment assessment process. Some deployment related illnesses do not appear until the member has been home for several weeks. To screen for these illnesses, DOD has developed a questionnaire for military members to complete 90 days after returning from a JCS defined deployment (Atch 1).
- 2. In order to minimize the workload impact on our Reserve Medical Units (RMU), AFRC will complete this task using an electronic version of the DD Form 2900, Post-Deployment Health Reassessment. The Reserve Component Periodic Health Assessment (RCPHA) software has been modified to automate the notification process for telling Reserve members when a DD Form 2900 is due. In order to make this process convenient, the DD 2900 will be available for members to fill out via the internet from any location with an internet browser. The RMU will review the responses and arrange medical follow-up for those individuals that require it.
- 3. Commanders must ensure the RMU is involved in the post-deployment processing of all personnel. RMUs supporting post-deployment requirements are required to report completion of required post-deployment surveys and blood sampling in the RCPHA software.

4. Specific instructions regarding changes to the RCPHA software will be disseminated through medical channels. My POC for post-deployment processing is Col Klein, AFRC/SGP, DSN 497-0605.

DAVID E. TANZI, Maj Gen, USAF

Vice Commander

Attachment: DD Form 2900

## POST-DEPLOYMENT HEALTH REASSESSMENT (PDHRA)

Authority: 10 U.S.C. 136 Chapter 55. 1074f, 3013, 5013, 8013 and E.O. 9397

Principal Purpose: To assess your state of health after deployment in support of military operations and to assist military healthcare providers, including behavioral health providers, in identifying present and future medical care needs you may have. The information you provide may result in a referral for additional healthcare that may include behavioral healthcare.

Routine Use: To other Federal and State agencies and civilian healthcare providers as necessary in order to provide necessary medical care and treatment. Responses may be used to guide possible referrals.

Disclosure: Disclosure is voluntary.

INSTRUCTIONS: Please read each question completely and carefully before making your selections. Provide a response for each question. If you do not understand a question, ask the administrator. Please respond based on your MOST RECENT DEPLOYMENT.
